Addendum No. 1

To: All Bidders

Dear Sir/Madam

**Provision of Advanced Airfield Operations Training Program at AML-
RFQ/OS/AO/VB/SG/26/168**

Query No. 1

Will the 2 weeks of x40 hours each run concurrently?

Answer No. 1

The Two Batches will not run concurrently. The Exact dates for each batch will be agreed with AML following contract award, as already provided for in the bidding document.

Query No. 2

Payment Conditions, 30 days after delivery of training.
Would 50% advance payment 30 days prior to the training, 50% 30 days after delivery be accepted?
..... cannot accept proposed payment terms. Proposed terms would result in no-bid.

Answer No. 2

Conditions of Contract, Clause no 4 (Payment) **"Advance and/or down payment shall not be applicable for this procurement exercise"** is amended and shall read as follows:

"An advance payment of 30% is acceptable subject to submission of a bank guarantee from a bank in Mauritius".

Query No. 3

Train the Trainer, Training materials ownership.
Post training would provide copies of the digital training materials to allow TTT for AML in the future, however this would be on the condition that IP of materials would remain with Airports Ltd. would then provide a yearly licence for the training materials to be used by AML approved personnel. IP licence reviewed on year-by-year basis. Is this acceptable?

Answer No. 3

Terms of Reference (TOR), Clause no 13 (Ownership of Training Materials) of our bidding document shall remain applicable.

Accordingly, the bidder's proposal for "IP licence reviewed on year-by-year basis" is not acceptable.

Query No. 4

Would the training be required in 2026 or 2027?

Answer No. 4

The exact dates for delivery of the training will be agreed with AML after contract award.

Yours faithfully

Chairperson Tender Committee
